Campus/Department Grant  
Application Guidelines

1. Recognizing that many of your measurements emphasize standardized test scores such as STAAR, the purpose of this program is not to increase performance on a standardized test but rather enhance the educational experience in the classroom. Please note that the Education Foundation Board of Directors is made up of members of the community and the school district.
2. Supplemental classroom materials and prepared kits are acceptable, however, preference will be given to grants that demonstrate creative and effective implementation and inspire students to learn.
3. Grants that directly benefit large numbers of students will be given preference.
4. Grants which utilize durable, reusable items will be given preference.
- 5.

As required by the Galena Park ISD Education Foundation bylaws, this process has been implemented to ensure grants that are funded continue to enhance, promote, and augment classroom instruction as well as address unique needs of our school campuses. It would be greatly appreciated if you answer the following question:

How did your grant impact the children it served?

What do you perceive the results of your grant to be?
