Grant Application Evaluation

(* Subjective *)

PROGRAM DESIGN   Score _____

3* Educational Enhancement Identified
"Does it improve or add value to the classroom?"

2* Inspires and motivates students to learn
"Does it include activities that make learning fun, or make students want to learn (especially hard to reach students?)"

1* Innovative and /or Novel, Design in Implementation
"Will the materials/program be utilized in a fashion that is creative? Key on innovation isn't tied to the product/program…rather on how it is used".

1* Large Number of Students Benefited
"While important, do not ignore or penalize grants focused on special populations."

1* Long Term impact on Students/Campus
"Can you determine that this grant will make a difference on the campus outside the initial use?"

1* Durable. Reusable items utilized
"Are the materials sturdy enough to be used multiple times?"

1* Materials and Techniques shared between schools, groups & grades
"Does or can this grant include more than one classroom, grade or school?"
